

Public Notice  
Proposed Issuance of an Operating Permit for  
Archer Daniels Midland Company in Peoria

Archer Daniels Midland Company has requested that the Illinois Environmental Protection Agency (Illinois EPA) issue an operating permit for three existing natural gas turbines (6, 7, and 8) at its facility located at One Edmund Street in Peoria. The turbines are subject to Prevention of Significant Deterioration (PSD) rules, 40 CFR 52.21, because potential emissions of carbon monoxide (CO) from the turbines exceeds significance levels. The company has not previously obtained a PSD permit to address CO from the turbines. The Illinois EPA is accepting comments prior to making a final decision on this project.

Persons wanting more information may obtain copies of the draft permit, and project summary at [www.epa.gov/region5/air/permits/ilonline.htm](http://www.epa.gov/region5/air/permits/ilonline.htm) (please look under All Permit Records, State Operating Permits, New). These documents and the application can also be obtained from the Illinois EPA's offices at 5415 North University Street in Peoria, 309/693-5461 and 1340 North Ninth St., Springfield, 217/782-7027 (for either location please call ahead to assure that someone will be available to assist you). Copies of the documents will be made available upon request.

The Illinois EPA is accepting comments prior to making a final decision on this project. Comments must be postmarked by midnight January 4, 2004. If sufficient interest is expressed in the permit, a hearing may be held. Requests for information, comments, and questions should be directed to Brad Frost, Division of Air Pollution Control, Illinois Environmental Protection Agency, PO. Box 19506, Springfield, Illinois 62794-9506, phone 217/782-2113, TDD phone number 217/782-9143.
